

Meal Service

Enjoy our conscious, homemade cuisine where we strive to source our ingredients from local and organic, or organic method farms and hormone-free, humanely raised, grass-fed, free-range meats

LUNCH & DINNER BUFFET SERVICE

We are not your typical sit down restaurant. We believe in fresh food that doesn't have to travel far to get to your plate. Our menu is a chef's choice meal that changes with the season and availability of organic produce grown within the United States. Our meal service is predominately vegan and gluten-free with a meat option. Because we prepare a fresh meal for each serve time, we require a **24 hour advance reservation** to insure the quality of our food. We do our best to accommodate all guests, however; we may have limited seating due to special events in house. So, plan ahead to insure a delectable meal with us!

Thanks in Advance for Assisting us with Quality Service

We do have additional beverages available during your meal including both alcoholic and non-alcoholic. Please ask a Dao Restaurant Staff Member for options and pricing.
